R.W. Mercer Co. Announces Partnership with ChargePoint Electric Vehicle Charging Network

R.W. Mercer Company is excited to announce that it is now affiliated with the ChargePoint network as a Signature Partner. R.W. Mercer will represent the entire ChargePoint product line and provide support services across its territory.

ChargePoint has been committed to making it easy for drivers and businesses to go electric since 2007, with the largest electric vehicle (EV) charging network and most complete set of charging solutions available today. From workplaces to fleet, residential to retail, ChargePoint is creating a new fueling network to move all people and goods on electricity. To date, ChargePoint's network has grown to more than 100,000 places to charge with drivers plugging approximately every two seconds while delivering more than 62.7 million charges. Hundreds of thousands of drivers and thousands of businesses and organizations around the world count on ChargePoint.

R.W. Mercer Co. is the primary distributor, service provider and contractor for fuel system owners and operators in Michigan, Northern Indiana and Northern Ohio. The Company is a leading distributor for premier solutions in the fueling industry including Gilbarco, Veeder-Root, Franklin Fueling, OPW, and now ChargePoint.

Andy Mercer, President, had this to say about the partnership, "Our Company is committed to offering innovative energy and fueling systems to our customers. Partnering with a premier company like ChargePoint is directly in line with this commitment, we look forward to a great partnership."

About R.W. Mercer Company

Founded in 1976, R.W. Mercer Company works in Michigan, Indiana and Ohio in the industries of petroleum, agriculture and general contracting. The family-owned business specializes in services for retail and commercial fuel distributors. R.W.
